Artificial Intelligence Workshop

TIME	ACTIVITY
10:00 am to 10:30 am	• Welcome & Introduction to AI & ML • What is Artificial Intelligence & Machine Learning . • Relationship between AI & ML.
10:30 am to 12:30 pm	• Evolution & Core Concepts • History and evolution of AI & ML • How AI & ML systems work together
12:30 pm to 01:00 pm	• Applications of AI & ML • Overview of AI & ML tools • AI + ML Workflow
01:00 pm to 02:00 pm	Lunch Break
02:00 pm to 03:00 pm	• Real-world AI & ML case study • Business decision-making using AI & ML
03:00 pm to 04:00 pm	• Simple project demo (Login / Calculator / Web Page) • Understanding project structure • Career roadmap for software developers

STUDENT INSTRUCTIONS
(Workshop & Entrance Exam Guidelines)

• **Students must carry a laptop (fully charged).**

• **Bring college ID card for verification.**

• **Maintain professional attire (College dress code) & discipline throughout the workshop.**

• **Attendance is mandatory for all participants.**
